Click the following links in this order:

- Member Services - Club Administrator
- Membership Verification
- Search for Competitions ▪ Women-State-MN • Level 3 or Level 4-5 State 2014

Your entire roster of athletes and coaches will now be displayed. Click the box by an athlete to select them as competing in this event. Do the same for the coaches that may attend. *Make sure you check the level they will be competing! The level listed may be different than their competition level. If an athlete doesn't display, they are registered for a level that is incorrect and you need to change it before they will display or they are not registered.
